

Chinatown Service Center (CSC) is the largest community-based private, non-profit Chinese American health and human services organization in Southern California.

Founded in 1971, CSC assists over 10,000 unduplicated immigrants and other individuals, 85% of low-to-moderate income, annually in three major program areas:

- 1) A Federally Qualified Community Health Center, with primary medical, dental, behavioral health and related social case management services;
- 2) Community Economic Development Department, including a Full Service L.A. City WorkSource Center and Small Business Program; and
- 3) Family and Community Services, including a Child Development Center, a Youth Center, and Senior Services Program.

The growth of staff and services at CSC since its modest beginnings in 1971 reflects an expansion of the Center's goals and the needs of the community. Furthermore, CSC promotes greater community collaboration and partnerships to assist underserved populations in achieving their American dream.

Lawrence J. Lue, Chief Executive Officer

The Asian Pacific Community Fund (APCF) is a network of 29 community organizations focused on serving the vast and critical needs of the Asian, Pacific Islander, and other ethnic communities in the Greater Los Angeles area. APCF Affiliate Agencies provide culturally sensitive and linguistically appropriate programs and services in 27 Asian languages plus English and Spanish to over 250,000 people each year throughout Los Angeles County.

APCF is a community-based, nonprofit fund that was created to fulfill a need for a unified effort to educate and encourage donors to direct their charitable giving to benefit community organizations serving the rapidly growing population of Asian Pacific Islanders in Los Angeles.

Since its founding, APCF has raised and distributed over \$1.7 million in unrestricted grants to its Affiliates. These grants enable APCF agencies to both launch new initiatives and strengthen current programs and services for diverse Asian Pacific Islander clients, including: disadvantaged children, youth, disabled, seniors, immigrants, refugees, battered women, and low income families.

As the only Asian and Pacific Islander community-based fund in Southern California, the work of APCF is more important now than ever. APCF is and continues to be -- a vital link -- between donors and Asian Pacific Islanders in need by building a community of giving, one donor at a time.

To learn more, visit www.apcf.org or call (213) 624-6400.

Debra Fong, Executive Director

The Asian Youth Center (AYC) is a non-profit, community-based organization serving the social services needs of youth and families, with a focus on Asian immigrants. Our programs enable those we serve to adapt and contribute to a multi-cultural society.

AYC began in 1989 as a project of the United Way after its Asian Task Force found a critical lack of services for Asian youth. In the last ten years, AYC has expanded its scope to serve non-Asian youth and families as well, with culturally appropriate services in Cantonese, Mandarin, Vietnamese, Spanish and English.

AYC successfully opened the Youth Center in San Gabriel in 1997 and the Annex in 2003. Our combined facilities have more than 9,000 square feet of recreation areas, an indoor basketball court, computer labs, classrooms, and counseling rooms.

AADAP, INC.

"People Need People"

AADAP, Inc. (Asian American Drug Abuse Program) serves people throughout Los Angeles County with programs such as: Outpatient Unit, Residential Unit, Employment Access Unit, Prevention Unit, Youth and Family Programs, and Olympic Academy.

Programs have expanded to include water conservation, HIV/AIDS outreach and cross training, Drug Court Services for the Inglewood Municipal Courts, tobacco education, and a for profit business venture, MTC Construction.

Much has changed since those early days in 1972, but one thing that remains is AADAP's motto and philosophy:

"People Need People."

It was true then. It's true now.
